a clinical learning environment, which is patient centered rather than procedure oriented.

Responsibilities

Qualified candidates must possess a DDS / DMD degree, or international equivalent, completion of an advanced education program in periodontics and Board Certification as a Diplomat of the American Board of Periodontology. The candidate must be licensed, or be eligible for full/faculty license in Maine and have successful completion of the NBDE parts 1 & 2. Didactic and clinical instruction to pre-doctoral students will be the core responsibilities of the position.

Candidates must demonstrate a passion for dentistry and a strong desire to teach students in a demanding, fast paced academic environment. Candidates must demonstrate the ability to contribute to and participate in a humanistic environment of learning and discovery. The successful candidate is expected to be able to provide clinical supervision of pre-doctoral students and to provide clinical care in the group practice. Salary will be commensurate with experience.
