Job Description	

Position Overview

Marquette University School of Dentistry invites applications for a full-time, tenure track position as Director for the Advanced Education Program in Endodontics available immediately (starting date negotiable).

MUSOD is well known for its innovative curriculum, and it's growing influence in Tissue Engineering research. The School is serving the community on its main campus in Milwaukee and in outreach clinics across the State of Wisconsin.

Duties and Responsibilities

The individual will have overall responsibility for the administration, teaching and research activities of the Advanced Education Program in Endodontics. Candidates will have opportunities to participate in research projects and to contribute to the Continuing Education programs of the dental school. Opportunity for intramural private practice is available and encouraged.

Required Knowledge, Skills and Abilities

Candidates must be graduates of an advanced education program in Endodontics and be board certified in Endodontics. Qualified applicants must have a DMD/DDS degree from a US or Canadian dental school recognized by the ADA Commission on Dental Accreditation or a comparable foreign degree. Applicants must hold a valid dental license in some state or jurisdiction and be eligible for a regular license or faculty license in the State of Wisconsin. Academic rank and salary are commensurate with training and experience.

Preferred Knowledge, Skills and Abilities

Candidates with research experience in regenerative endodontics /tissue engineering will find our Delta Dental Research Lab and faculty to be an excellent collaborative opportunity and are encouraged to apply.

EEO/AA Policy

It is the policy of Marquette University to provide equal employment opportunities (EEO) to all employees and applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status or any other applicable federal or state-protected classification.
