Responsibilities are focused on all aspects of program instruction in Cariology and Restorative sciences in preclinical, didactic, and clinical teaching. Major job duties will include: (i) delivery of didactic and pre-clinical simulation content in Cariology and Operative Dentistry; (ii) develop and oversee learning objectives and assessments for pre-clinical and clinical competencies; (iii) calibrate pre-clinical examination evaluators and clinical competency evaluators; (iv) provide direct clinical oversight of dental students in clinics; and (v) additional duties as assigned.

Required Knowledge, Skills and Abilities

Qualified applicants must have a DMD/DDS degree from a US or Canadian dental school recognized by the ADA Commission on Dental Accreditation or a comparable foreign degree. Preference will be given to candidates who are graduates of an advanced education program in Restorative Dentistry with a Cariology component. Applicants must hold a valid dental license in some state or jurisdiction and be eligible for a regular license or faculty license in the State of Wisconsin. Two years of teaching experience or other suitable professional experience.

Preferred Knowledge, Skills and Abilities

Candidates with demonstrated experience in teaching and scholarship are preferred. Academic rank and salary are commensurate with training and experience. For eligibility to a tenure-track position applicant must demonstrate abilities to actively engage in scholarship activities (educational, clinical or basic sciences research).

EEO/AA Policy

It is the policy of Marquette University to provide equal employment opportunities (EEO) to all employees and applicants without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status or any other applicable federal or state-protected classification.
