Job Description

We are seeking a well-qualified candidate for our prosthodontics program who will build upon our established educational foundation and continue the mission of the Department and the College. Additionally, the individual should possess excellent organizational and interpersonal skills, experience in mentoring and leadership, and a commitment to diversity and inclusion.

The selected individual will have primary responsibilities as follows:

- Assisting the Program Director with the management and oversight of the program.
- Supervision of prosthodontics residents.

Clinical Assistant/Associate Professor (Non-Tenure),
Advanced Prosthodontics
