Posting Detail Information

Position Summary

The [Department of Oral Diagnostic Sciences](#) at the University at Buffalo is seeking a **Clinical Assistant Professor, Clinical Associate Professor, or Clinical Professor**.

As a faculty member, responsibilities include:

- Providing clinical and didactic instruction at both predoctoral (DDS) and postdoctoral levels, including within the CODA-accredited Orofacial Pain Advanced Educational Program.
- Participating in research activities, delivering patient care at the Orofacial Pain Clinic, and contributing to departmental service.
- Collaborating with a multidisciplinary team of pain clinicians to deliver care to patients with chronic orofacial pain and comorbid pain conditions.
- Demonstrating expertise in the diagnosis and treatment of temporomandibular disorders (TMD) and orofacial pain.
- Producing scholarly work in the field of TMD and orofacial pain, including direct supervision of postgraduate student research.
- Engaging in leadership activities related to the Orofacial Pain Clinic and associated services.
- Serving as a leading facilitator in higher education and interprofessional education in orofacial pain.
- Providing supervision and lectures in clinical courses for DDS and postgraduate students.
- Utilizing educational innovations and technology in teaching; strong computer skills are expected.

Our Dedicated staff and engaged faculty collaborate to further knowledge and understanding and develop competent students who are valued for their talents and their impact on global society.
