The University of New England College of Dental Medicine is well positioned to successfully pursue this lofty goal. The inter-professional education we provide, in cooperation with UNE's Colleges of Health Professions, Medicine, and Pharmacy, equips our graduates to improve not only the oral health, but also the overall health of the patients they treat.

#### Responsibilities

Didactic and clinical instruction in prosthodontics to pre-doctoral dental students will be core responsibilities for this position.

This position reports to the Associate Dean of Curriculum Integration and Analytics for academic/didactic matters and to the Associate Dean of Clinical Education & Patient Care for matters relating to clinical operations.

#### Qualifications

Qualified candidates must possess a D.D.S./D.M.D. degree or international equivalent. The candidate must be licensed, or, be eligible for licensure in Maine and have successful completion of NBDE I & II. Candidates must also have completed advanced training in a CODA-approved prosthodontics program and be board eligible, or certified by the American College of Prosthodontists. Candidates must demonstrate a passion for dentistry and a strong desire to teach students in a demanding, fast-paced, academic environment. Candidates must demonstrate the ability to contribute to and participate in a humanistic environment of learning and discovery. The successful candidate is expected to be able to provide direct clinical supervision of predoctoral dental students and to provide clinical care in the group practice. Salary and rank will be commensurate with experience. Interviews of qualified candidates will begin immediately and continue until the position is filled.
